

Street Entertainment Program

Downtown Salmon Arm values the character Buskers bring to our downtown core. As a participant, you will have the ability to select your performance location from 9 designated BUSKSTOPS. These locations are viewed as both high traffic and high attraction sites that are also in accordance with the City of Salmon Arm Bylaws No. 4273 and No. 2037.

Interested performers must submit, in person, a completed application, including a signed agreement confirming knowledge and adherence to the Service Agreement for Downtown Salmon Arm BuskStop Permit holders. Please note, though Downtown Salmon Arm administers this program, BuskStop is subject to the authority of City of Salmon Arm Bylaw. Each year, Bylaw Officers will be provided a list of all permitted performers. Additionally, permits should be visible on entertainers during all performances in Downtown Salmon Arm. This agreement is strictly limited to the Downtown Salmon Arm Business Improvement Association boundary and these BuskStop locations.
